CA CARPET STEWARDSHIP PROGRAM - NOTICE TO SORTER/COLLECTORS
August 2015

On behalf of CARE, this document serves as notice to program participant processors of CA post-consumer carpet regarding recent updates affecting the California Carpet Stewardship Program incentives and reporting.

1. New Reporting FREQUENCY — CHANGE from QUARTERLY to MONTHLY Reporting Period

In an effort to improve timeliness and regularity of payments, the Program has adopted a new reporting process in which processors will be asked to submit data MONTHLY, rather than QUARTERLY. This policy will be adopted immediately and phased in over the months of September and October, based on the following schedule:

Phase 1: September 30, 2015 – Submit monthly reports for the first two months of Q3 (July and August), respectively. This request will be reviewed and processed by CARE. Payments are anticipated to be issued approximately 45 days after the reporting period closure date (9/31/15), pending approval by CARE.

Phase 2: October 31, 2015 – Submit monthly report for the last month of Q3 (September). Every third month will continue to undergo the same thorough internal review process. Checks will be issued following the SPC and SFOC quarterly meetings, generally within 45 days of the close of the reporting period closure date (10/31/15).

Phase 3: Moving forward, monthly reports shall continue to be submitted to CARE no later than the last day of the month (30 days) following the reporting MONTHLY period. See reporting table on the following page.

Internal quarterly reviews will occur during the reporting period appearing in bold above. Quarterly results are approved by the SPC and SFOC during the months of Dec, Mar, Jun and Sept. Quarterly results are presented to CalRecycle and posted on both the CalRecycle and CARE websites for public review. All company-specific data is confidential. Quarterly reports report all public data in aggregate.

We hope this adjustment will further assist you in maintaining a positive cash flow between reporting periods.
