Turning a Recycling Quandary
....into a Reuse Opportunity

Presented by: Nathan Benjamin, LEED-AP
PlanetReuse is a national material brokering and consulting company that:

- *finds and sources reclaimed building materials* for Architects, Owners and Contractors,
- *coordinates carpet and material reuse* for materials coming out of projects,
- *provides a one-stop source* for LEED MRc3 credits, LBC Petals, and
- *provides a national marketplace* for sellers of reused or reclaimed building materials
40% of landfill waste comes from **building construction and demolition**
25% of the buildings *Existing in 2000* will be *Replaced by 2030*
Carpet is *second only to diapers* in filling our limited landfills.

How it works
Current options
Reuse
Projects
In 2012, 780 tons of carpet were reused, **1,023% more than in 2011**.
Reuse saves money
(and space in the landfill)
Shipping to recycle or WTE - $2,000/trailer
Reduced to $500

Waste-to-energy fees - $600-700/trailer
Reduced to $0

Landfill tipping fess - $400-500/dumpster
Reduced to $0

Total Savings = $1,000 to $2,500/trailer
How does it work?
Submit mobile-friendly form
Your Company Carpet Tile Recycling and Reuse Form

Please fill out all *required fields and include as much additional information as possible to expedite communications and coordination.
