

# Recycled Carpet-Derived Products 2018

Containing California-Sourced Carpet

**California Carpet  
Stewardship Program**

An initiative of CARE: Carpet America Recovery Effort

Over 340 million pounds of carpet head to California landfills every year—carpet that could be recycled into useful new products. The California Carpet Stewardship Program is working to encourage and promote environmentally-friendly uses for carpet. This catalog lists products that contain California post-consumer carpet material. They are high quality and competitively-priced, and make an excellent addition to any project.

Some of the products listed are labeled Double Green™. This means they contain post-consumer recycled carpet plus one other recycled material. These products will be especially helpful in achieving your goals for use of recycled material products in accordance with California law and policy, and voluntary programs such as LEED.

We encourage you to consider including these products in your next construction, landscaping or architectural projects. By creating a market for post-consumer carpet material, more carpet will be diverted from landfill and recycled.

Thank you.

California Carpet Stewardship Program

**[CarpetRecovery.org/CA](http://CarpetRecovery.org/CA)**

CARE, in collaboration with CalRecycle, will come to your facility to present about products containing California post-consumer recycled carpet material and recycled tire products. Also included are Double Green™ products, which contain post-consumer recycled carpet plus one other recycled material.

**Product Presentations Available**

# American Fiber Cushion, Inc.

## Carpet Cushion

### PRODUCTS:

- **Fortitude Cushion Products**
- **Matrix Cushion Products**

Our manufacturing process creates a pad with excellent sound and impact ratings for a quieter home, along with improved insulation to save energy.

### APPLICATIONS:

Hospitality, retail, transportation, homegoods

### SPECIFICATIONS:

CRI Green Label Plus (GLP)

Contributes to earning credits on LEED projects.

[AmericanFiberCushion.net](http://AmericanFiberCushion.net)

# Bonded Logic

## Construction Insulation

### PRODUCTS:

- **Ultra Touch Denim Insulation**
- **Ultra Touch Radiant Barrier**
- **Ultra Touch Multi-Purpose Rolls**

UltraTouch™ Denim Insulation contains 90% post-consumer recycled natural fibers and provides extremely effective sound absorption and maximum thermal performance. It is a Class-A Building Product and meets the highest ASTM testing standards for fire and smoke ratings, fungi resistance and corrosiveness.

### APPLICATIONS:

Thermal and acoustical insulation products across multiple industries.

### SPECIFICATIONS:

Contributes to earning credits on LEED projects.

### PRODUCTS:

- **Quiet-Tech**

Quiet-Tech is an acoustic batt insulation made of 85-90% post-consumer recycled materials. It is Class-A Fire rated, UL Greenguard Gold Certified, and completely free of formaldehyde. This eco-friendly product works as an acoustic insulator for interior wall partitions by dampening sound transmission between rooms. It provides the means to safely remove, collect and recycle commercial and residential carpet and acoustic ceiling tile.

### APPLICATIONS:

Acoustic Insulation, Construction

### SPECIFICATIONS:

UL Greenguard Gold, Health Product Declaration (HPD)

Contributes to earning credits on LEED projects.

### PRODUCTS:

- **Fiberon® Relax® Decking**

Water, stain and fade-resistant, Fiberon® Relax® will not crack, splinter, or decay like wood and has a higher break strength than most composites. Made from recycled synthetic carpet fibers, it contains 94% post-consumer/commercial recycled content.

### APPLICATIONS:

Outdoor Decking

### SPECIFICATIONS:

AG-174/ASTM D7032 Code Testing

Relax Decking has completed and passed Strength and Weathering tests.

### PRODUCTS:

- **GeoHay erosion and sediment control wattles, various lengths, also branded as GutterBuddy, SiltSentry, HanesGeo and Ferguson.**

GeoHay products are made from recycled carpet and exceed the EPA's regulations for stormwater discharge and sediment control. They work exclusively or as a complement to an application where high performance is required. Made from 100% recycled carpet (all brand names include recycled plastic Tex Tubes).

### APPLICATIONS:

Construction, Stormwater, Landscaping, Industrial

### SPECIFICATIONS:

Contributes to earning credits on LEED projects.

# Interface®

### PRODUCTS:

Includes GlassBacRe backing with the following products:

- **Cartera**
- **Equal Measure**
- **Human Nature**
- **Lateral Narratives**
- **Near & Far Net Effect**
- **Peitra**
- **Urban Retreat**
- **Viewpoint II**

Interface's innovative modular carpet tile is suitable for virtually every commercial environment. We offer our Carbon Neutral Floors™ program as a standard to every customer, at no extra cost, to help them meet their own sustainability goals, while also allowing them to reduce the emissions impact of their own projects or spaces.

### APPLICATIONS:

Commercial environments

### SPECIFICATIONS:

Each product includes a GreenCircle Environmental Facts Label, which evaluates over 30 environmental claims; its rigorous process relies on recognized standards from ANSI, ISO and ASTM, as well as established certifications referenced by LEED v4.

All Interface products are carbon neutral across the product life cycle.

# MP Global Products

## Flooring Underlayment and Packaging Products

### PRODUCTS:

- **QuietWalk**
- **QuietWalk Plus+**
- **Ventilayer**

Sound reduction, moisture protection, compression resistant.

Made with post-Industrial and post-consumer materials.

Fiber from carpet/textile industries.

### APPLICATIONS:

Residential/Commercial Building Construction

### SPECIFICATIONS:

QuietWalk conforms to the SCS Content Standard v7-0. Indoor Advantage™ Gold.

Contributes to earning credits on LEED projects.

# Reliance Carpet Cushion

## Carpet Cushion Padding, Underlayment

RELIANCE  
ECO CARPET CUSHION

Saving Our Planet One Square Yard At A Time

### PRODUCTS:

- **Performance, Performance Plus: 24, 28, 32 and 40 oz per square yard weights**
- **Performance Double Stick: 28, 32 and 40 oz per square yard weights**

Reliance Eco Carpet Cushion is manufactured from 100% post-consumer recycled carpet fiber and is 100% recyclable, with no chemical additives. Highly rated acoustic/noise reduction capabilities. Will not support bacteria and microscopic life — non allergenic.

### APPLICATIONS:

Residential, Commercial and Hospitality

### SPECIFICATIONS:

Contributes to maximum number of LEED credits for “Materials and Resources: 100% Post-Consumer Carpet Fiber-Recycled Content M.R. 4.1 and 4.2” USGBC.

Meets or exceeds all Green Labeling Emissions Criteria.

Local Regional Materials M.R. 5.1 and 5.2 USGBC.

Low Emitting Materials EQ 4.3 USGBC.

# SafePath Products

ADA Ramps, Walk Repair Systems, Absorbents

## PRODUCTS:

- **EZ Edge™ Transitions**
- **CourtEdge™ Reducers**
- **EntryLevel™ Landings**
- **SustainableSweep™**
- **GreenSidewalk Repair™**

SafePath Products is one of the largest suppliers of transition products, including ramps, landings, seismic surface transitions, flooring reducers and other industrial and residential products for ADA access code compliance. We were the first company to patent and produce recycled transition products and continue to be a leader in developing “green” products. We are the largest manufacturers of recycled ADA and FHA transition products in the United States. All products are 100% made in the USA.

## APPLICATIONS:

Schools, Residential, Gymnasiums, Commercial, Stadiums, Multi-Family, Transit, Parks

## SPECIFICATIONS:

Ramps/Transitions are ADA compliant (Independent Engineering Report)

SCOF Rated (Independent Engineering Report)

PC4 Tested by Wallace Labs for SDS sheet certification

Contributes to earning credits on LEED projects.

# Sierra Mat & Rubber Company

Mats, Smart Pavers, and Wheel Stops

## PRODUCTS:

- **Mats, Wheel Stops, Smart Pavers**

Working from our Modesto manufacturing facility, the addition of post-consumer carpet material to our Double Green™ rubber mats improved their quality, making them both more durable and resilient. Our wheel stops are lightweight, durable and last longer than concrete stops.

Sierra Mat's pavers create a highly permeable and anti-skid walking surface, safe and ideal for high traffic areas.

## APPLICATIONS:

Landscaping, parking stops, entryway mats

## SPECIFICATIONS:

Contributes to earning credits on LEED projects.

# Visions Environmental

## Synthetic Aggregate and Retaining Blocks

### PRODUCTS:

- **Stone Miracle™ decorative colored aggregate**
- **Retaining blocks**

Stone Miracle colored-stone aggregate is suitable for decorative landscape projects and comes in four standard colors. It is available in .5 cu ft bags, 9 cu ft bags and 1 cu yd bags. The storage containers are used as bins for sand or rock; they measure 2' wide by 2' high by 5' long.

### APPLICATIONS:

Decorative Landscape Projects and Storage Bins

### SPECIFICATIONS:

Contributes to earning credits on LEED projects.

# CARPET AMERICA RECOVERY EFFORT<sup>SM</sup>

Developing market-based solutions for the recycling & reuse of post-consumer carpet

## Is recycled post-consumer carpet material right for you?

Are you looking for a **lightweight, durable feedstock** for your products — that is **FREE\***?

\*Free for California-sourced carpet material

Companies already incorporating recycled post-consumer carpet (PCC) report improved product quality and reduced cost. Find out if PCC is the answer for you.

Contact us at [DoubleGreen@CarpetRecovery.org](mailto:DoubleGreen@CarpetRecovery.org) to request a free sample.

Recycled Post Consumer Carpet material is available as PC4 - Post Consumer Carpet Calcium Carbonate - as well as fiber and pellets.

**Carpet America Recovery Effort (CARE)** is a non-profit organization whose mission is to advance market-based solutions that increase landfill diversion and reuse and recycling of post-consumer carpet, and that encourage design for recyclability. CARE administers the **California Carpet Stewardship Program**, which is charged with meeting the requirements for carpet recycling set by California laws AB 2398 and AB 1158 and managed by CalRecycle.

For more information, please visit the CARE website at **[CarpetRecovery.org/CA](http://CarpetRecovery.org/CA)**.
