

California Carpet Stewardship Program

An initiative of CARE: Carpet America Recovery Effort

CarpetRecovery.org/CA

Carpet IS Recyclable... And YOU Can Help!

Flooring Professionals: Tear-out carpet can be recycled when brought to the right facility.

KEEP CARPET OUT OF LANDFILL

Recycling carpet means less material ending up in landfills — old carpet material can be used to make useful new products. Taking carpet for recycling often saves money when compared to local disposal fees.

WHAT DOES CARPET BECOME?

Recycled carpet material is used in various applications, such as plastic engine covers in the automotive industry, insulation in our walls, transition floor mats and even as an additive in bullet- and blast-proof walls and paneling.

California Carpet Stewardship Program

An initiative of CARE: Carpet America Recovery Effort

Carpet America Recovery Effort (CARE) is the non-profit stewardship organization for the California Carpet Stewardship Program, working to create market-based solutions to increase carpet recycling and divert carpet from landfill.

There are over 80 CARE drop-off sites in California. See our interactive map with hours and rates at: CarpetRecovery.org/CA

Drop-Off Locations by County

- = CARE drop-off location
- = Recycler servicing large retailers / installers

Carpet Is Recyclable

Wall-to-wall carpet and carpet tiles are accepted. Area rugs are not.

HOW TO PREPARE

- Keep carpet dry and free of debris (tack strips, nails, etc.)
- Cut carpet into manageable sections
- Roll carpet, separate from pad
- Stack carpet tile

WHERE TO TAKE IT

CARE sponsors over 80 drop-off sites across California. (Fees may apply.) See our drop-off site map for listings, hours and rates: CarpetRecovery.org/CA
